

## **Cedar River Greenway – West Side Infrastructure Removal**

Project's Operating Revenues and Expenses

Prepared by Michael Dufoe, P.E.

30-Jul-10

Removal of infrastructure for the proposed greenway project will reduce maintenance for the City of Cedar Rapids. No operational revenues expected.

Maintenance for the eventual parks in the greenway area will be budgeted accordingly by the City of Cedar Rapids Parks Department and it has not been determined what exactly is going to be proposed in the area.
